UNITED STATES INTELLIGENCE BOARD
COMMITTEE ON DOCUMENTATION

MEMORANDUM FOR: Chairman, CODIB

SUBJECT : Establishment of a Subcommittee on Classification

1. The Air Force member of the Subject and Area Working Groups has suggested that the Intelligence Subject Code and the Area Classification Working Groups be merged and that CODIB be requested to designate the resultant group as a permanent subcommittee on classification. The Air Force member believes that such a subcommittee should meet on a specified schedule (probably once a month) to exchange views, discuss and resolve changes and improvements in indexing tools and procedures, and issue guidance to their respective member organizations.

2. The members of both the ISC and Area Classification Working Groups have indicated their concurrence with this proposal. [REDACTED] concurred only if the Area Classification experts were represented at any meeting when matters of concern to them were discussed.
